BUILDING A PORTFOLIO

App.js:

```javascript
import React from 'react';

function App() {
 return (
  <div style={styles.body}>
    {/* Header Section */}
    <header style={styles.header}>
     <h1>My Portfolio</h1>
     <nav>
       <a href="#about" style={styles.navLink}>About</a>
       <a href="#projects" style={styles.navLink}>Projects</a>
       <a href="#contact" style={styles.navLink}>Contact</a>
     </nav>
    </header>

    {/* About Section */}
    <section id="about" style={styles.section}>
     <h2>About Me</h2>
     <p>
       Hi, I'm [Your Name]! I'm a passionate developer who loves building beautiful and functional web applications.
     </p>
    </section>
```

```jsx
      {/* Projects Section */}
      <section id="projects" style={styles.section}>
        <h2>My Projects</h2>
        <div>
          <div style={styles.projectCard}>
            <h3>Project 1</h3>
            <p>Description of project 1.</p>
          </div>
          <div style={styles.projectCard}>
            <h3>Project 2</h3>
            <p>Description of project 2.</p>
          </div>
        </div>
      </section>

      {/* Contact Section */}
      <section id="contact" style={styles.section}>
        <h2>Contact Me</h2>
        <form>
          <div style={styles.formGroup}>
            <label htmlFor="name">Name:</label>
            <input type="text" id="name" name="name" required style={styles.input} />
          </div>

          <div style={styles.formGroup}>
            <label htmlFor="email">Email:</label>
```

```jsx
        <input type="email" id="email" name="email" required style={styles.input} />
      </div>

      <div style={styles.formGroup}>
        <label htmlFor="message">Message:</label>
        <textarea id="message" name="message" required style={styles.textarea}></textarea>
      </div>

      <button type="submit" style={styles.button}>Send</button>
    </form>
  </section>

  {/* Footer Section */}
  <footer style={styles.footer}>
    <p>&copy; {new Date().getFullYear()} My Portfolio. All rights reserved.</p>
  </footer>
</div>
  );
}
